Teach children how they should live, and they will remember it all their life'.
Proverbs Chapter 22

Rationale

The teaching and learning within the Early Years Foundation Stage (EYFS) will reflect the interests and needs of the individual children in year R. The teaching will reflect the ethos of the school's Christian values – peace, courage and respect. Through our teaching, we equip children with the skills, knowledge and understanding necessary to be able to make Godly decisions about the important things in their lives. At Highfield CE Primary School we are committed to providing an environment that will give every pupil the opportunities to access an integrated curriculum by means of appropriately chosen active learning experiences.

The EYFS is a single framework for care, learning and development, all of which are encompassed in four themes: 'A Unique Child', 'Positive Relationships', 'Enabling Environments' and 'Learning and Development'. We believe that all children should be given the opportunity to experience the best possible start to their education and develop solid foundations that will ensure they flourish throughout their school years and on into adulthood.

The Early Years Foundation Stage (EYFS) applies to children from birth to the end of the Reception year. It is based upon four themes:

The unique child, positive relationships, enabling environments and learning and development

- every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured
- children learn to be strong and independent through **positive relationships**
- children learn and develop well in **enabling environments** with teaching and support from adults, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between practitioners and parents and/or carers.
- importance of **learning and development**. Children develop and learn at different rates. The framework covers the education and care of all children in early years provision, including children with special educational needs and disabilities (SEND).

This policy explains how our practice is underpinned by these four themes.

A Unique Child

At Highfield CE Primary School we recognise that every child is a competent learner who can be resilient, capable, confident and self-assured. We recognise that children develop in individual ways, at varying rates. Children's attitudes and dispositions to learning are influenced by feedback from others; we use praise and encouragement, as well as celebration and rewards, to encourage children to develop a positive attitude to learning.

Inclusion

We value the diversity of individuals within the school. All children at **Highfield** Primary School are treated fairly whatever their race, gender, religion or abilities. All children and their families are valued within our school. At Highfield C of E Primary School we are committed to expanding upon the cultural capital of our children, offering a wide range of learning opportunities to all children.

All children deserve the opportunity to learn and achieve through a stimulating and inspiring learning environment. We aspire to reach the cultural and personal needs of all children

regardless of gender, ethnicity, educational needs We give our children every opportunity to achieve their best. We do this by taking account of our children's range of life experiences when planning for their learning.

In the Foundation Stage we set realistic and challenging expectations that meet the needs of our children. We achieve this by planning to meet the needs of boys and girls, children with special educational needs, children who are more able, children with disabilities, children from all social and cultural backgrounds, children of different ethnic groups and those from diverse linguistic backgrounds.

We meet the needs of all our children through:

- planning opportunities that build upon and extend children's knowledge, experience and interests, and develop their self-esteem and confidence;
- using a wide range of teaching strategies based on children's learning needs;
- providing a wide range of opportunities to motivate and support children and to help them to learn effectively;
- providing a safe and supportive learning environment in which the contribution of all children is valued;
- using resources which reflect diversity and are free from discrimination and stereotyping;
- planning challenging activities for children whose ability and understanding are in advance of their language and communication skills;
- monitoring children's progress and taking action to provide support as necessary.

Welfare

It is important to us that all children in the school are 'safe'. We aim to educate children on boundaries, rules and limits and to help them understand why they exist. We provide children with choices to help them develop this important life skill. Children should be allowed to take risks, but need to be taught how to recognise and avoid hazards. We aim to protect the physical and psychological well-being of all children. (See Safeguarding Policy)

At Highfield CE Primary School we understand that we are legally required to comply with certain welfare requirements as stated in the Statutory Framework for Early Years Foundation Stage. We understand that we are required to:

- promote the welfare of children.
- promote good health, preventing the spread of infection and taking appropriate action when children are ill.
- manage behaviour effectively in a manner appropriate for the children's stage of development and individual needs.
- ensure all adults who look after the children or who have unsupervised access to them are suitable to do so.
- ensure that the premises, furniture and equipment is safe and suitable for purpose
- ensure that every child receives enjoyable and challenging learning and development experiences tailored to meet their needs.
- maintain records, policies and procedures required for safe efficient management of the setting and to meet the needs of the children.

Positive Relationships

At Highfield CE Primary School we recognise that children learn to be strong, confident and independent from being in secure relationships. We aim to develop caring, respectful, professional relationships with the children and their families.

Parents as Partners

We recognise that parents are children's first and most enduring educators and we value being partners with them in their child's education through:

Talking to parents about their child before their child starts in our school either through a home visit, or through an informal meeting at school

- Offering both parents and children the opportunity to spend time in the Foundation Stage before starting school.
- Operating an open door policy for parents with any queries.
- Sharing regularly the children's 'Learning Journey' profile books and valuing the on-going contributions to these from parents.
- Offering two parent/teacher consultation evenings per year.
- Sending a report on their child's attainment and progress at the end of the school year.

Key Person

All staff involved with the EYFS aim to develop good relationships with all children, interacting positively with them and taking time to listen to them. At Highfield School each child is allocated a key person (their class teacher). Our class teachers have experience and understanding of working within the Early Years and have knowledge of how children learn and develop. Miss Ellis is our Infant Leader who coordinates learning in the EYFS. The key person approach is aimed at enabling and supporting close attachments between children and practitioners.

Attachment provides a sense of security so that children can become confident, independent and capable young learners. The role of the key person is to meet the needs of each child in their care and respond sensitively to their feelings, talking to the parents when appropriate, and working in partnership with them.

The Foundation Stage staff meet with pre-school providers when possible to discuss each individual child and their transition process into school.

Enabling Environments

At Highfield Primary School we recognise that the environment plays a key role in supporting and extending the children's development. Through observation we assess the children's interests, stages of development and learning needs, before planning challenging, achievable activities and experiences to extend the children's learning. Children's interests and ideas are used when planning provision and this is the basis of the themes.

Observation, Assessment and Planning

The planning in the EYFS at Highfield CE Primary School follows the guidelines for the updated 2021 EYFS Statutory Framework. This has been used to create a yearly and half termly overview which teachers can use to support the development of planning over the course of the academic year. These plans are flexible so that teachers can respond to the needs, achievements and interests of the children. This fostering of the children's interests develops a high level of motivation for the children's learning. We make regular assessments of children's learning and we use this information to ensure that future planning reflects identified needs. Assessment in the Foundation Stage takes the form of both formal and informal observations. A base line assessment is completed during the Autumn Term and this data will inform the teachers planning to ensure progress across the curriculum.

Observations are recorded in a variety of ways, and contribute to the child's individual Learning Journeys profile book. At the end of the reception year in school, the child's progress is recorded on to the Early Years Foundation Stage Profile. Each child's level of development is recorded against the Early Learning Goals.

The Learning Environment

The Foundation Stage classrooms are organised to allow children to explore and learn securely and safely. There are areas where the children can be active, quiet, creative etc. Each classroom has defined areas for open ended and deliberate resources, where children are able to find and locate equipment and resources independently. The Foundation Stage has enclosed outdoor areas, and children are able to free-flow between the indoor and outdoor spaces. Being outdoors offers the children opportunities for doing things in different ways and on different scales than when indoors. They are able to explore, use their senses, develop their language skills and be physically active. We plan activities and resources both inside and outside enabling the children to develop in all the areas of learning.

Learning and Development

At Highfield Primary School we recognise that children learn and develop in different ways and have their own learning styles. There are seven areas of learning and development that must shape educational provision in Early Years settings. We value all areas of learning and development equally and understand that they are often inter-connected. Three areas are particularly crucial for igniting children's curiosity and enthusiasm for learning, and for building their capacity to learn, form relationships and thrive.

Prime Areas:

- Communication and Language
- Personal, Social and Emotional Development
- Physical Development

Staff will also support children in four specific areas, through which the three prime areas are strengthened and applied.

Specific Areas:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

Teaching and Learning Style

We recognise that features of effective teaching and learning in the EYFS are:

- the partnership between teachers and parents, so that our children feel secure at school and develop a sense of well-being and achievement;
- the understanding that teachers have of how children develop and learn, and how this affects their teaching;
- the range of approaches used that provide first-hand experiences, give clear explanations, make appropriate interventions and extend and develop play and talk or other means of communication;
- the carefully planned curriculum that helps children work towards the Early Learning Goals throughout EYFS;
- the provision for children to take part in activities that build on and extend their interests and develop their intellectual, physical, social and emotional abilities;
- the encouragement for children to communicate and talk about their learning, and to develop independence;
- the support for learning with appropriate and accessible indoor and outdoor space, facilities and equipment;

- the identification of the progress and future learning needs of children through observations;

Play

Through play our children explore and develop learning experiences, which help them make sense of the world. They practise and build up ideas, and learn how to control themselves and understand the need for rules. They have the opportunity to think creatively alongside other children as well as on their own. They communicate with others as they investigate and solve problems. They have the opportunity to express fears or re-live anxious experiences in controlled and safe situations. We deliver learning for all of the areas through, purposeful play and learning experiences, with a balance of adult-led and child-initiated activities.

Active Learning

Active learning occurs when children are motivated and interested. Children need to have some independence and control over their learning. As children develop their confidence they learn to make decisions. It provides children with a sense of satisfactions as they take ownership of their learning.

Creativity and Critical Thinking

Children should be given an opportunity to be creative through all areas of learning, not just through the arts. Adults can support children's thinking and help them to make connections by showing genuine interest, offering encouragement, clarifying ideas and asking open questions. Children can access resources freely and are allowed to move them around the classroom to extend their learning.

Monitoring and review

The Headteacher, Foundation Stage co-ordinator and subject co-ordinators carry out monitoring of the EYFS through observation and discussion as part of the whole school monitoring schedule.

Parental evidence is used to contribute to Early Years Foundation Stage Profile – through discussion and positive relationships. Parents can also provide observational information from outside school via our Super Celebrations system.

Resources

Most resources are stored in Oak or Willow Base. All resources in the Foundation Stage are shared (with the exception of tables, chairs and units) and as such may be borrowed and used in any classroom.
